BBT 9 - HTML5 Activity Sheet

HTML Project

You need to create a 2-page HTML webpage on **a location of your choice**. You should pick somewhere you have been or are interested in visiting as this will make it easier for you to find information. You could also do it on Fredericton.

Create a new folder named HTML Project and copy your backgrounds, Images, and Media folders into it. Create a reference list of all sources in a word document named "project references" and save it in your HTML project folder.

Your project will need to include all the following:

| | |
|---|------------------|
| Title on each page (shows up in address bar). | ____/2 |
| H1 Heading (on each page) | |
| With a contrasting background color | ____/2 |
| With a contrasting font color | ____/2 |
| With a contrasting border color | ____/2 |
| Using size H1 . | ____/2 |
| Background Color on one page | ____/2 |
| Background image on one page | ____/2 |
| Link from page 1 to page 2 . | ____/2 |
| Link from page 2 to page 1 . | ____/2 |
| Paragraphs: | |
| Use of font | ____/1 |
| Use of color | ____/1 |
| Use of Span | ____/1 |
| Use of at least 2 font-families | ____/2 |
| Headings for different sections (sized smaller than h1) | ____/2 |
| Use of Strong (bold) | ____/1 |
| Use of Abbreviation | ____/1 |
| There is at least 1 quotation (using both the <q> & <blockquote>tags). | ____/2 |
| There is at least 1 horizontal rule (using attributes). | ____/2 |
| There is at least 1 list (or) | ____/4 |
| There are at least 4 images, . | ____/2 |
| One image is centered with a border and hspace | ____/2 |
| There is at least 1 Audio clip (with controls and centered on the page) | ____/3 |
| There is at least 1 video clip (with controls and centered on the page) | ____/3 |
| There is a word document named "Project References" saved in your folder | |
| contains all sources for your project including links for pics, sounds, & text | ____/5 |

Module Completion Date: _____

Note: You have 5 days after the completion date (outside of class time) to complete the module activities. Make arrangements with your BBT teacher for noon Lab time.

Project Total: ____/ 50

Module Total: ____/ 100

BBT 9 - HTML5 Activity Sheet

| HTML Unit Learning Outcomes & Reflections | | |
|--|--|--|
| Name: _____ | | Date: _____ |
| Activities | Outcomes | Reflect on how you understand and met the outcomes |
